# Working with Landowners and Farmers

Integrated management to conserve a healthy environment for wildlife and people

## West Weald Landscape Project

Sussex Wildlife Trust, Woods Mill, Henfield BN5 9SD  
01273 492630 | westweald@sussexwt.org.uk | WestWeald.org.uk

The West Weald Landscape Project is based at the Sussex Wildlife Trust. A partnership of organisations helps to steer and deliver the project comprising Natural England, Forestry Commission, Environment Agency, Butterfly Conservation, Surrey Wildlife Trust, South Downs Joint Committee, Farming and Wildlife Advisory Group, National Trust, Woodland Trust, Leconfield Estate, West Sussex County Council, Surrey County Council, Chichester District Council and Waverley Borough Council.

Supported by The Tubney Charitable Trust

# Would you like advice or funding to help you manage your land? Do you want to do more for wildlife but aren't sure where to start?

## How can we help?

We can offer the following **FREE** services:

- We provide **professional advice on land management** with nature in mind.
- We can visit you to discuss your needs, carry out a whole **farm wildlife survey**, and provide written recommendations in **an individual advice pack**.
- We give advice on **integrating appropriate conservation management** options within your own land management practices.
- We offer **guidance on sources of funding** to enable you to develop successful grant applications to schemes such as Environmental Stewardship and the England Woodland Grant Scheme.
- We can provide **input to grant applications** and recommend agents as necessary, for example to produce Farm Environment Plans for Higher Level Stewardship (HLS).
- We can **deliver wildlife improvement works**, such as tree and hedge planting in targeted areas, using contractors or volunteers as appropriate.
- We run regular **workshops and events** for local landowners and farmers to update you on the opportunities available.
- We can arrange **specialist surveys for key wildlife species** to monitor the benefits of your management.
